

Why consider investing

The Monash Absolute Investment Fund (ARSN 606 855 501 (Fund) offers investors an Australian equity fund that aims to deliver double digit returns per annum (after fees) over a full investment cycle and limit losses to capital over the medium term.

The Fund is benchmark unaware, style and stock size agnostic, both long and short and only invests in compelling opportunities. In keeping with the Fund's absolute return objectives, if the Investment Manager cannot find stocks that meet the very high return hurdle requirements, the Fund will preserve that capital in cash at bank.
